Sexual harassment, racial discrimination, and targeted hostility have no place in a well-regulated community, whatever its nature.

People deserve to be treated with consideration, regardless of their gender, ethnicity, physical appearance, sexual orientation, or political and religious outlook.

It is important for UC Berkeley to maintain a climate for intellectual activity that is collegial, respectful, and conducive to focused and productive inquiry.

Attitudes and behavior that are hostile or demeaning to members of our community, or that detract from the ability of our students, staff, and colleagues to focus effectively on their work are not appropriate.

Contract includes standard 13 paid UC holidays

If required to work on a holiday, a postdoc may request another day off (best done via email for your records)

Academic Calendar:

Eligibility for pay during time off for Postdoctoral Scholar Fellows and Postdoctoral Scholars Pay Direct is dependent on the funding agency.

All postdocs get 24 days per year of time off to use at any time in one-day increments (PTO or Personal Time Off), in addition to the 13 paid holidays.

Unused time off cannot be carried forward to another contract year and cannot be paid out.

Record keeping for time off varies from unit to unit. Check with your department administrator for details.

COVID-19 Related Leaves:
Postdoctoral scholars are eligible for 12 days of sick leave per 12-month appointment.

Can be used for absence due to personal or family illness.

All 12 days are available for use as of the appointment begin date.

Unused sick leave can be carried forward to other appointments (beyond postdoc), such as ladder-rank professor or researcher, at another UC campus.
All new parents are eligible for four weeks of Paid Parental Leave, which can be used all at once or in increments any time within the first year after the birth or placement of a child.

The University provides twelve unpaid weeks of Family and Medical Leave (FML) that can be used as parental leave for birth or placement of a child. Before taking unpaid parental leave, a Postdoctoral Scholar must exhaust all Personal Time Off (PTO) and their Paid Parental Leave.

Birth mothers are also eligible to use Short Term Disability insurance paid at 70% of salary for Pregnancy Disability Leave.
Compensation level is connected to the NIH National Research Service Award (NRSA) salary scale which is based on years of experience steps.

Postdocs can be paid more than the minimum level.

PIs must give at least 2% increase upon reappointment or upon appointment anniversary date.
