Land Acknowledgement

We recognize that UC Berkeley sits on the territory of Huichin, the ancestral and unceded land of the Chochenyo Ohlone, the successors of the historic and sovereign Verona Band of Alameda County. This land was and continues to be of great importance to the Ohlone people. We recognize that every member of the Berkeley community has, and continues to benefit from the use and occupation of this land since the institution’s founding in 1868. Consistent with our values of community and diversity, we have a responsibility to acknowledge and make visible the university's relationship to Native peoples. By offering this Land Acknowledgement, we affirm Indigenous sovereignty and will work to hold the University of California, Berkeley more accountable to the needs of American Indian and Indigenous peoples.

Diversity, Equity, Inclusion, Belonging & Justice (DEIBJ)

People deserve to be treated with consideration, regardless of their gender, ethnicity, physical appearance, sexual orientation, or political and religious outlook.

It is important for UC Berkeley to maintain a climate for intellectual activity that is collegial, respectful, and conducive to focused and productive inquiry. Attitudes and behavior that are hostile or demeaning to members of our community, or that detract from the ability of our students, staff, and colleagues to focus effectively on their work are not appropriate.

Sexual harassment, racial discrimination, and targeted hostility have no place in a well-regulated community, whatever its nature.
